

AT16 TRACK BUGGY

RUBBER TRACK POWER BUGGY

The Allen AT16 track drive power buggy provides excellent traction on grades, inclines, and soft soils. This buggy comes equipped with a 25 hp Kohler engine and a two speed hydrostatic transmission that provide excellent torque and power to carry payloads up to 2,500 lbs. It is also equipped with a 16 cubic foot, easy-to-clean polyethelene bucket.

PRODUCT DETAILS

Easy-to-use operator controls allow you easily maneuver through any job.

Steel frame design for improved strength and performance, and permanently sealed bearings minimize service requirements by protecting the bearings from premature wear due to foreign material.

Rear platform folds to allow for easier transport between jobsites or storage.

POWERED BY
KOHLER
